Education

1337 coding school - UM6P BENGURIR

Present

[1337 coding school, Bengurir](#)

I am currently enrolled as a student at 1337 Coding School, where I am honing my skills and knowledge in the field of coding. This educational journey has provided me with a strong foundation in various programming languages and problem-solving abilities, preparing me to embark on a successful career in the tech industry.

Specialized Technician Diploma in IT Development

2019 - 2021

[Specialized Institute of Management and IT, Marrakech](#)

Spent two transformative years at the Specialized Institute of Management and IT, where I first ventured into coding. This experience ignited my passion for technology and equipped me with fundamental coding skills, setting the stage for my career in the tech industry.

Baccalaureate in specialty Sciences Physics-Chemistry

2018 - 2019

[ZERKTOUNI High school, Marrakech](#)

Skills

Languages: HTML, CSS, JavaScript, C, C++

Frameworks, Libraries and Tools : ReactJs, Bootstrap, Unix, Git

Wordpress, Microsoft Visual Studio, SQL SERVER , visual code

Design : Adobe Illustrator, Adobe Photoshop

Hobbies

■ Footballer (A player of the Mohammed VI Polytechnic University football team)

■ Photography

Internships

Wordpress website developper / designer

Apr 2022 - Aug 2022

[Digitalpole, Marrakech](#)

I embarked on my first internship as a WordPress website developer/designer at Digitalpole. During this invaluable experience, I had the opportunity to hone my skills in web development and design while contributing to the company's projects. It marked the beginning of my professional journey, solidifying my passion for creating impactful online experiences.
